Legal Notice
Drawings must not be copied/reproduced without written permission from Strongman Tools Ltd. While scale drawings are produced as accurate as possible, they can only be used for illustrative purposes. Manufacturing tolerances on proposed systems apply. Client must ensure building layout is accurate and inform all interested parties of all key dimensions, and any space-critical areas, that may affect install. Any incurred costs due to layout dimensional errors, or issues covered in terms of sale cannot be covered. All system specifications to be finalised at point of sale.
